# Welcome to RISE Online

Connecting to RISE Online gives you digital access to all 96 books in the RISE collection and 96 Short Reads in the RISE Up collection—and much more! Through the student portal, your students will have 24/7 access to reread the texts they are working with in their RISE or RISE Up lessons. The teacher portal allows you to monitor your students' at-home reading and track their progress. It also offers access to professional development videos and all the resources you'll need to put RISE into action.

To maximize students' reading time beyond the RISE or RISE Up lesson, students use a custom eReader to reengage with the texts they've read each day at school. This at-home access also provides opportunities to enjoy a discussion about the text they're reading with their family. In this way, RISE Online supports students' reading practice at home, while encouraging family members to become their children's reading partners.

The RISE teacher portal provides basic tracking data for teachers, showing students' progress through the texts assigned to support RISE and RISE Up lessons. You'll find reports for students and groups that you can use to monitor and share students' at-home progress. All reports include a print-ready version of the report to share with colleagues, administrators, and families, which can also be downloaded as a PDF and saved for reference.

To begin using the RISE and RISE Up digital collections, you will need to set up your account and then launch RISE. Once you've completed the initial setup, simply select the RISE icon whenever you want to revisit the program. For technical help, please contact RISE Customer Support at 1-866-826-8834, or email us at [digitalservice@scholastic.com](mailto:digitalservice@scholastic.com).

**Decades of research prove the value of repeated readings, especially for young or striving readers who are working to develop a strategic, fluent, and efficient reading process. The more children read, the better they get at reading. When children have access to books and are able to share them with reading mentors who love books and reading, those children are more likely to thrive as readers.**

## Ten Steps to RISE Online

1. Log in
2. Set up classes
3. Enroll students
4. **Launch RISE**
5. Choose a group (i.e., class)
6. Begin the session
7. Select the program
8. **Assign digital rereads**
9. Monitor progress
10. End the session
